## Surviving and thriving in the health workforce

Doctors, nurses, midwives, medical students, allied health professionals, health researchers, employers, unions and government officials

You are invited to join us to address critical issues that lie at the heart of sustaining the health of health professionals. Our conference programme includes professional streams with plenty of opportunities for networking and shared insights.

**Conference themes include:**

Building resilience, coping strategies, re-energising using holistic approaches; caring for your colleagues; practical advice on career transitions and flexible ways of working.

**Keynote speakers include:**

Neill Piland – The Economic Impact of Ill Health in the Healthcare Workforce

Lester Levy – Dysfunctional workplaces

Erica Frank – Why should we be healthy?

Rob Moodie – Topic tbc

**Location** Auckland, New Zealand offers a tremendous variety of leisure activities with a temperate climate and easy access to the Hauraki Gulf islands. Auckland has been named the tenth most livable city in the world for the second year running. A social programme will be developed to complement the conference programme that showcases the best that Auckland has to offer for delegates, accompanying partners and families.
