

Attention Technicians

On the 4th of May 2011 was the first meeting for the year for the

Pharmacy Technicians Network Advisory Group

Who are we?

We are a group of pharmacy technicians from all over New Zealand with a wide variety of experience and backgrounds. Together working with the Pharmaceutical Society we want to bring the role of pharmacy technicians into the 21st century.

Our Aim:

- To improve how the role of a pharmacy technician is carried out.
- To improve and expand on training and ongoing education.
- To represent pharmacy technicians all over New Zealand, create a voice for you and gather up the support for those who want to be represented.

Why join us?

- Investing in your future career as a pharmacy technician in New Zealand and belonging to a proactive organisation
- Join us at Symposium (it isn't just for pharmacists)
- Future career development and training
- Career Mentoring and Support
- Exclusive membership to a pharmacy technicians only chat group
- Increasing contact database
- Regular updates from the Pharmacy Technicians Network Advisory Group
- Being a member of the Pharmaceutical Society of New Zealand enables you to join the Pharmacy Technician's Network and to serve on the Advisory group.

We realise that with the current economic situation membership maybe the last thing on your mind, but in order to bring about change we need pharmacy technicians to see their career as an important part of the pharmaceutical community and invest in their future. Talk to your employer and see if they can help with the membership fee as some employers do pay for pharmacist membership.

How to join us (the Pharmacy Technicians' Network):

Simply write your details below and fax it back to us on 04 382 9297.
